BOARD OF COMMISSIONERS MEETING MINUTES
CITY OF PARIS, TENNESSEE
July 1, 2026
5:00 P.M.

The Board of Commissioners of the City of Paris, Tennessee held a Public Hearing at 5:00 p.m. on Wednesday, July 1, 2026, in the Paris City Hall Courtroom.

Public Hearing

1. Rezoning Request for Property on Hwy 77 (Control Map: 116, Parcel: 017.01)

Discussion: No comments.

2. Rezoning Request for Property on Hwy 218 (Control Map: 116, Parcel: 059.00)

Discussion: No comments.

3. Ordinance (No. 1339) for Temporary Moratorium on the Approval of Development of Property for any type of Computer and/or Electronic Data Processing Centers Within the City Limits of Paris, Tennessee

Discussion:

1. Brandy Valentine of 220 Starkey Loop, Henry, spoke in support of adopting a one-year moratorium on data center development within the City of Paris. She expressed concerns that the City's current zoning regulations are outdated and do not adequately address data center developments. Ms. Valentine urged the Commission to establish a 365-day moratorium to allow the Planning Commission time to develop specific zoning regulations for data centers. She also cited concerns regarding potential impacts on nearby agricultural operations, livestock, public health, noise, water usage, air quality, and environmental resources, referencing examples from other states. She encouraged the Commission to adopt stronger protections before allowing future data center development.
2. Jennifer Lee Ferguson Darnell, 13108 Old Paris Murray Road, Cottage Grove, TN, addressed the Commission regarding the proposed data center moratorium. She stated that she had questions she believed had not been adequately answered and expressed concerns that development was moving forward before all facts had been fully considered. Ms. Darnell questioned recent utility rate increases, the scheduling of the public meeting, and the potential impacts of data centers. She voiced concerns regarding research related to mechanical frequencies, possible effects on wildlife, livestock, and human health, and encouraged the Commission to further consider those potential impacts before allowing future data center development.
3. Vicky Stoope, 1015 Highway 77, Paris, TN, addressed the Commission regarding concerns about stormwater runoff associated with existing and proposed commercial development near the intersection of Highway 77 and the Highway 218 Bypass. Ms. Stoope stated that she owns property on both sides of Clifty Creek and expressed concern that increased impervious surfaces and the filling of wetlands have increased

runoff, contributing to flooding, erosion, sediment buildup, and impacts to neighboring properties. She stated that she and other downstream property owners have contacted the Tennessee Department of Environment and Conservation (TDEC) regarding the issue and requested that the City address the drainage concerns before additional development occurs. Ms. Stoope also inquired whether the property owner seeking rezoning would be required to obtain wetlands permits and asked what permanent stormwater infrastructure the City plans to implement to mitigate future impacts.

- 4. Curt Schoolfield, 775 Chandler Road, Paris, TN, addressed the Commission regarding concerns about the potential impacts of data centers and ongoing development. Mr. Schoolfield, who stated that he farms approximately 2,000 acres and raises cattle, expressed concern about potential impacts on livestock, referencing examples from other states. He also commented on heavy truck traffic along Shady Grove Road related to nearby construction, stating that the increased traffic is damaging recently paved roadways. Mr. Schoolfield questioned how those repairs would be funded and encouraged the Commission to consider public opposition to data centers when making future decisions.

With no further comments, the public hearing was duly closed at 5:09 PM.

The Board of Commissioners of the City of Paris, Tennessee held a Regular Meeting at 5:10 p.m. on Wednesday, July 1, 2026, in the Paris City Hall Courtroom.

The meeting was called to order by Mayor Kathy Ray with the following roll call:

Present:	Mayor Kathy Ray Commissioner Jackie Jones Commissioner Sam Tharpe Commissioner Vickey Roberts
Also Present:	City Manager Kim Foster City Attorney James Smith Community Development Director, Jessica Crouch Community Engagement Coordinator, Abby Pierce Interim Police Chief, Ean Reed Planner, Rebecca Renkel Building Inspector, Mike Brown Stormwater & MS4 Coordinator, Chris Smith
Absent:	Vice Mayor John Etheridge
Media:	Ken Walker, Paris Post Intelligencer Shannon McFarlin, WENK/WTPR

Commissioner Jackie Jones led the meeting with the Pledge of Allegiance followed by a prayer led by Commissioner Sam Tharpe.

- APPROVAL OF MINUTES:** June 4, 2026
- DISCUSSION:** None
- ACTION:** The minutes stand approved as read.
- VOTE:** Unanimous

COMMENTS FROM CITIZENS:

- Kady Watson, 322 Jackson Street, Paris, TN, addressed the Commission regarding the proposed FY 2027 budget and Ordinance No. 1338. Ms. Watson emphasized the importance of transparency and public accountability, particularly in light of the upcoming City Commission election. She expressed concerns about the City's reliance on intergovernmental revenues, including Henry County contributions for animal control services, and questioned the City's contingency plan should those revenues change. Ms. Watson also raised concerns regarding interim financing, capital debt, and the removal of a \$10 million placeholder related to Fire Station No. 1 funding. She requested additional information regarding the repayment of interim financing for capital projects and encouraged the Commission to provide the public with clear explanations of how debt obligations, outside funding, and local tax dollars are being managed.

COMMENTS FROM THE COMMISSION: None

SERVICE RESOLUTIONS AND PROCLAMATIONS: None

OLD BUSINESS
AGENDA ITEM NO.1
Rezoning Request for Property on Hwy 77 (Control Map: 116, Parcel: 017.01)

Kevin Fialko has submitted a rezoning request for property he owns on Hwy 77. Currently the property is zoned SC-1 (Shopping Center District). He is requesting a rezoning to B-1 (Highway Commercial District). This rezoning aligns with the long-term goals and future plans for the property.

This item was approved on first reading in June and referred to the Planning Commission for recommendation. The Planning Commission reviewed this request and is recommending the City Commission approve the request with a rezoning designation of B-1 (Highway Commercial District).

Discussion: None
Action: Commissioner Sam Tharpe made a motion, seconded by Commissioner Vickey Roberts to approve the rezoning request for Property on Hwy 77 (Control Map: 116, Parcel: 017.01)
Vote: Unanimous

OLD BUSINESS
AGENDA ITEM NO.2
Rezoning Request for Property on Hwy 218 (Control Map: 116, Parcel: 059.00)

Harold Bass has submitted a rezoning request for property he owns along HWY 218. According to the TN Property Assessment Data, the property is a single parcel that is split by Highway 218 and is also split-zoned, with one portion currently designated P-B (Planned Commercial) and the other zoned R-1L (Residential Low Density District). The southern portion of the property, which lies within the R-1L zoning district, was requested to be rezoned to B-1 (Highway Commercial District) from Mr. Bass. At the June City Commission meeting, the board also requested that the northern portion of the parcel, presently zoned P-B, be rezoned to B-1 (Highway Commercial District) to create consistent zoning across the entire parcel. The proposed rezoning is consistent with the long-term goals and planned future use of the property.

This item was approved on first reading in June and referred to the Planning Commission for recommendation. The Planning Commission reviewed this request and is recommending the City Commission approved the request with a rezoning designation of B-1 (Highway Commercial District).

Discussion: None
Action: Commissioner Vickey Roberts made a motion, seconded by Commissioner Jackie Jones to approve the Rezoning Request for Property on Hwy 218 (Control Map: 116, Parcel: 059.00)
Vote: Unanimous

OLD BUSINESS
AGENDA ITEM NO.3
Request to Acquire Undeveloped Alley on E Washington Street

The City received a request from Mr. Jeff Hill, Paris Henry County Public Utility District General Manager, to acquire the undeveloped alley next to their warehouse on E Washington Street.

According to the procedure found in the Paris Municipal Code, the City Commission forwarded this request to the Planning Commission for recommendation. The Planning Commission considered this request at their June meeting and is recommending approval of the request with a permanent utility easement attached.

Discussion: None

Action: Commissioner Jackie Jones made a motion, seconded by Commissioner Vickey Roberts to approve the request to divest of the undeveloped alley on E Washington Street with a permanent utility easement.

Vote: Unanimous

OLD BUSINESS
AGENDA ITEM NO.4

Ordinance (No. 1339) for Temporary Moratorium on the Approval of Development of Property for any type of Computer and/or Electronic Data Processing Centers Within the City Limits of Paris, Tennessee

This ordinance establishes a temporary moratorium on the approval of new development for computer and/or electronic data processing centers within the City of Paris. In response to recent interest and inquiries from property owners, this action serves as a proactive planning measure to allow adequate time to evaluate appropriate zoning, locations, development standards, and potential community impacts.

Data processing centers can significantly affect land use, utility demand, and surrounding development patterns. Allowing such projects during the current zoning update process could lead to approvals that are inconsistent with the City's forthcoming regulations. This moratorium

protects the integrity of that process and the public interest. It is temporary and will automatically expire upon adoption of the revised zoning ordinance.

This ordinance was referred to the Planning Commission in June for review and recommendation back to the board. The Planning Commission recommended approval of the temporary moratorium of development of property for any type of computer and/or electronic data processing centers within the city limits of Paris, Tennessee.

ORDINANCE NO. 1339

AN ORDINANCE ESTABLISHING A MORATORIUM ON THE APPROVAL OF DEVELOPMENT OF PROPERTY FOR ANY TYPE OF COMPUTER AND/OR ELECTRONIC DATA PROCESSING CENTERS WITHIN THE CITY LIMITS OF PARIS, TENNESSEE UNTIL THE COMPLETION AND APPROVAL OF THE REVISED ZONING ORDINANCE

WHEREAS, the City of Paris, Tennessee, is currently undertaking a comprehensive review and rewrite of its zoning ordinance to ensure consistency with community development goals and land use regulations; and

WHEREAS, the approval of development for computer and/or electronic data processing centers within the city limits may conflict with the objectives of the forthcoming zoning ordinance and could result in unintended consequences during the review period; and

WHEREAS, the City Commission finds it necessary to temporarily suspend any approvals for development related to computer and/or electronic data processing centers within the city limits to preserve the integrity of the zoning process and protect the public interest;

NOW THEREFORE BE IT ORDAINED BY THE CITY OF PARIS, TENNESSEE AS FOLLOWS:

SECTION 1. Moratorium Imposed.

A moratorium is hereby imposed on any new development related to the establishment or development of locations of computer and/or electronic data processing centers within the corporate limits of the City of Paris, Tennessee. No person, business, or entity shall engage in new development related to the establishment of computer and/or electronic data processing centers within the city limits during the term of this moratorium.

SECTION 2. Duration

This moratorium shall remain in effect until the City Commission has reviewed, adopted, and approved the rewrite of the zoning ordinance. The moratorium shall automatically terminate upon the effective date of the newly adopted zoning ordinance.

SECTION 3. Definitions

For purposes of this ordinance, “computer and/or electronic data processing centers” shall mean any type of facility or business in which a substantial purpose is housing or using computer servers for the purpose of analyzing, computing, processing, disseminating, evaluating, or managing large volumes of electronic data.

SECTION 4. Enforcement

Violations of this ordinance shall be subject to enforcement under the City’s existing code enforcement provisions, including applicable fines and penalties.

SECTION 5. Severability

If any provision of this ordinance is declared invalid or unconstitutional by a court of competent jurisdiction, such declaration shall not affect the remaining provisions, which shall remain in full force and effect.

SECTION 6. This ordinance shall take immediately upon its passage and approval as required by law.

Passed and Adopted on 1st Reading: June 4, 2026.

Passed and Adopted on 2nd Reading: July 1, 2026.

Mayor

Finance Director

Discussion: None

Action: Commissioner Sam Tharpe made a motion, seconded by Commissioner Vickey Roberts to approve the Ordinance (No. 1339) for Temporary Moratorium on the Approval of Development of Property for any type of Computer and/or Electronic Data Processing Centers within the City Limits of Paris, Tennessee.

Vote: Unanimous

STATUS OF VARIOUS PROJECTS
July 2026

PROJECT	PRIMARY STAFF	TARGET COMPLETION DATE(S)	DISCUSSION
Back Alley Paris	Foster/Ray	June 2027 (if awarded)	An application was submitted in June 2026 for the next Back Alley Paris Project. If awarded, this project will finalize Back Alley Paris through the addition of the final mural in the west alley along the Hat Law Firm building.
2018 STBG Project for Signalization & Safety Upgrades at 3 Intersections Downtown	Foster/Crouch	Spring 2027	Construction start date originally for 6/22/2026. However, due to rain, the anticipated start date has been delayed to the first week in July 2026.
Rison St Bridge Replacement	Foster/Crouch	Fall 2026	Work was completed on relocation of service lines by BPU and AT&T. Ford Construction plans to mobilize to begin bridge replacement on 7/8/26. Kim will be meeting with A2H on 7/8 as well to work out issues and plan for regular construction updates.
2020 Multimodal Access Grant for 4 Downtown Intersections	Foster/Crouch	Fall 2027	TDOT concurred to award Martin Paving for the project. A pre-construction meeting was held on June 30, 2026, at 10:00 AM. The City of Paris requested additional funds to cover the overage of the bid. TDOT has confirmed that additional funding has been obligated.
2022 Multimodal Access Grant for Tyson/M.W. Intersection Upgrades & Sidewalk	Foster/Crouch	Summer 2026	Construction was scheduled to begin on May 4, 2026. The contractor has been delayed due to rain and an international vacation. Construction is expected to begin the 2 nd week of July.
2022 TA Grant for Sidewalk Project along Fairgrounds & Royal Oak	Foster/Crouch	Winter of 2027	TLM has submitted preliminary ROW plans and the Transportation Management Plan to TDOT.
TDEC Water Infrastructure Improvement (WII) Grant	Foster/Crouch	Summer 2026	The Brooks St. project has resumed. There will be intermittent lane closures as the underground pipe is installed. Project completion date is set for July 24, 2026.
Paris City Wide Drainage Study	Foster	TBD	TLM continues to work on reports and has addressed the adequacy of each existing drainage pipe. TLM received recommended revisions to the "no rise" area map with 71% of revisions complete. TLM has developed KML files for inadequate and at-capacity pipes for 10 out of 14 drainage basins. TLM continues looking at potential regional detention ponds and developing capital project budgets.
2024 CDBG – Boardwalk at Eiffel Tower Park	Foster/Lawrence	Summer 2026	A pre-construction meeting was held on June 10, 2026, at City Hall. An onsite meeting was held on June 17 th between the contractor, engineer, and parks and rec director to look at tree removal before construction begins.
Municipal Facilities Project – Municipal building on N. Caldwell St.	Foster	Winter 2027	Construction Document design phase continues to progress. Design work is ongoing by architects and engineers. TLM and City of Paris have held coordination meetings on door hardware, access controls, and security systems.
Municipal Facilities Project – Fire Station on Tyson Ave.	Foster	Summer 2026	The contractor continues to progress on the site. Progress in continuing to be made on the CMU walls in all areas including MPE in-wall rough-ins. The focus is on completing the CMU for the stair training tower. Additional gravel has been placed in the future drive area. Submittals and shop drawing reviews continue. Construction is progressing in line with the current schedule. The current substantial completion date is March 6, 2027.

Notes from the City Manager:

- City Manager Kim Foster congratulated Chris Smith, Stormwater Coordinator, for obtaining the TNEPSC Level 1 certification within the first week of employment.
- City Manager Kim Foster noted that a Beam Signing would take place on Thursday, July 23rd at 2:30 PM at the new Fire Department.
- City Manager Kim Foster updated the board on STBG funding regarding money obligated by September for a new traffic signal on Mineral Wells Avenue in front of the Kroger Shopping Center. She stated that there was a warrant study completed and approved for a new traffic signal.

The meeting duly adjourned at 5:31 p.m.
